Hi Mark – I just got off the phone with Megan Barnhart at OFA, who was out yesterday. It turns out the HQ offices coordinated on their own, and OFA already sent the letter over for review. We are expecting to receive HQ comments on our NEPA letter by COB tomorrow.

Would the rumored extension be for NEPA only, or for both comment periods?

Molly,

Were you able to send over the NEPA letter?

Still waiting on details, but there *may* be a NEPA extension. As soon as I see the confirmation, I'll let you know.

Molly,

I just got off a long call with the HQ 404 program office regarding our draft 3a letter. They are expecting that OFA will request the program's review of the NEPA letter. If it's not too much trouble, would you please share a copy of the most recent draft with Clay Miller and Charles Kovatch? Please also share with Clay and Charles the staff person's name at OFA whom you have been coordinating with.

Thank you, and please let me know if you have any questions or concerns.
